**Research Associate – Assay Development
Preclinical Research & Development**

Applied Genetic Technologies Corporation (AGTC) is a clinical stage biotechnology company dedicated to developing novel gene therapies for ophthalmic and respiratory-based diseases. AGTC has multiple candidate gene therapeutics in or entering human clinical trials and is seeking a full-time Research Associate for Assay Development activities.

Reporting Relationship:

- The Research Associate will report directly to the supervisor, Assay Development group, Preclinical Research & Development

Essential Duties and Responsibilities:

Job responsibilities will include, but are not limited to, the following

- Develop and qualify new assay methods for product release testing or in support of IND enabling non-clinical animal studies, including in vitro cell-based assays, immunoassays, and molecular assays.
- Assist in preparing technology transfer and validation
- Conduct routine assays and procedures in support of manufacturing activities for generation of viral vectors for animal studies
- Conduct testing of samples from animal studies
- Plan, execute, and troubleshoot experiments
- Collect, analyze, record, and summarize data
- Write and/or review SOPs, technical reports and study reports
- Maintain relevant laboratory supplies and equipment as needed
- Present scientific results at appropriate meetings

Requirements:

- A B.S. with 6 + years of experience or M.S. with 3 + years of experience with a degree in biological science.
- Hands-on laboratory experience in immunology, molecular biology, cell biology, virology techniques, including ELISA, immunoblot, PCR, mammalian cell culture, and Transfection
- Ability to design and develop new assay methods with minimal supervision
- 2 + years of industrial experience in assay development is highly desirable
- Highly motivated with the ability to work as a team player, as well as independently.
- Detail oriented with strong written and verbal communication skills
- Understanding/working knowledge of Microsoft Word, Excel and PowerPoint

AGTC offers a competitive compensation commensurate with education and experience, including salary, benefits, and company equity. AGTC is an EOE and maintains a drug free workplace. Please send CV or resume to:
